SUBMISSION NUMBER: **KN382583-19**
SUBSTANCE NAME: **Calciumdihydroxide**
COMMUNICATION NUMBER: **INQ-C-2114245459-41-03/F**

COMMUNICATION RELATING TO YOUR INQUIRY UNDER REGULATION (EC) NO 1907/2006

Dear Sir/Madam,

In accordance with Article 26 of Regulation (EC) No 1907/2006 ("the REACH Regulation"), the European Chemicals Agency (ECHA) has concluded the assessment of your inquiry dossier for **Calciumdihydroxide**.

ECHA has verified the identity of your substance and assigned the following inquiry identifiers:

Inquiry number: **06-2119962107-38-0000**

EC/List¹ number for this substance: **215-137-3**

EC/List name for this substance: **calcium dihydroxide**

This information needs to be included in your registration dossier.

Information on previous and potential registrants and joint submission obligation

Information whether a substance with the same EC/list number has already been registered or inquired about by another legal entity is included in the Annotation in REACH-IT. The names and contact details of previous and potential registrants are available via the "Co-Registrants page" in REACH-IT.

In accordance with Article 26(3) of the REACH Regulation, ECHA also informs the previous and potential registrants (if any) of your inquiry.

Based on the information ECHA has to date, information for a substance with the same EC/list number has been submitted under Directive 98/8/EC concerning the placing of biocidal products on the market.

The contact details of the applicants that submitted this information are included as an Annex to this communication. Please note that under Directive 98/8/EC the applicants are not required to update their contact information. As a result, ECHA cannot guarantee that the contact information provided in the Annex to this communication is still valid.

¹Note: Number starting with 6, 7, 8 and 9 refers to a list number which is a technical identifier and does not have legal significance.
